AN UNPROFITABLE TRIP.

Both the Weather and the Umpire Against the Hoosier Club.

So far the Western trip of the Indianapolis ball club has not proved profitable, either in money earned on in games added to the won column. Indianapolis lost several hundred dollars through inability to play Friday and yesterday at Kansas City. The weather has been as unkind as the umpire to the champions this trip. The Hoosier club is a strong card at Kansas City, and would have drawn heavily both days. The three games at Milwaukee did not bring out enough people to make one respectable crowd. The team will lose considerable money on the trip, which is an extensive one, owing to the big jumps. The Western clubs have easy mileage on their Eastern trips, owing to the advantageous location of Detroit, Grand Rapids, Columbus and Indianapolis. The jumps are most all small. Indianapolis has seven more mes to play before returning home-one at Kansas City to-day, three at Minneapolis (Tuesday, Wednesday and Thursday), and three at St. Paul (Friday, Saturday and Sunday). The club's first game at home will be with Milwaukee, May 26.

Fifield Drubbed Again. MINNEAPOLIS, May 16 .- Detroit could not hit Hutchinson to-day. He held them down to one hit in five innings. After a twentyminute delay on account of rain the game was continued, and the Tigers managed to scratch out four more hits. The Millers gave Fifield an awful drubbing, and it might have been worse had they not hurried the first part of the game to make sure that five innings were played. Score:

Better team work last week would have won all three Milwaukee games. There was no necessity for the champions to put themselves in the hole in either the Tuesday or Wednesday game. Carelessness did it. They could have won both games, despite Jevne and his fearful work. He is a blick to the national game, if ever there was one. The Grand Rapids team appears to be composed of very gentlemanly ball-players. There was no kicking at all yesterday. The

men say that when Detroit gets here there will be some tall kicking. As to Detroit's ability, most of the Grand Rapids men say that Detroit will not stay at the head very long. They confirm the view that has been long. They confirm the view that has been taken of the Detroits, namely, that their whole strength lies in the box, and that outside of that they are not any stronger than the Grand Rapids team.—Minneapolis

In the fourth inning yesterday Duryea had three strikes called on him when first base was occupied. Trost dropped the last strike and Jim took first, the other man going on to second. Under the rules he was out, but no one thought about it until the next man had made a hit and Jim was on second.

Then it flashed across Stalling's mind and he kicked. Snyder saw the point and called him back. He was certainly out, but there is some question about the decision being right at the time it was given.

GERMAN CLERGY MAD

INFORMED BY THE KAISER THEY MUST LET POLITICS ALONE.

Brutally Brusque Message from the Autocratic Young Emperor-Dr. Bellow's War on American Meat.

(Copyright, 1896, by the Associated Press.) BERLIN, May 16 .- The German clergy, Protestant and Catholic, are thoroughly aroused in consequence of Emperor William's telegram to Geheimrath Hinzpeter regarding Dr. Stoecker, the ex-court chaplain and Christian Socialist leader, which was published with his Majesty's consent. This message was almost brutally brusque, and read: "The clergy must not meddle with politics, because it is no concern of theirs." This angered the clergymen, and the whole clerical press has been expressing indignation. Dr. Stoecker has made an outspoken reply in his organ, the Evangelical Church Gazette, in which he says that the Emperor, when still Prince William, himself characterized the Christian-social activity of the clergy as a means of vanquishing socialism. Dr Stoecker added: "Since the Christian-social thought was tabooed in Berlin socialism reigns politically there. As I have begun, so shall I continue. I leave the end to God." Two of the leading clerical organs, the Reichsbote and the Volk, severely condemn and deplore the publication of the telegram, classing it as "inconsiderate" and "unjust," and pointing out that clergymen, by the Constitution, are granted the same rights as other citizens. The Roman Catholic organs, Germania and the Cologne Volks Zeitung. publish articles of a similar tone. The Socialist press denounces the telegram as imperial interference with constitutional rights, and in various parts of Germany cierical synods have taken pains to express confidence in Dr. Stoecker and his methods, and

severely criticise his Majesty's telegram. Early in the week the peace jubilee was celebrated throughout Germany. Besides the fetes at Frankfort there were elaborate fetes of a semi-military character at Dresden, Darmstadt and Hanover, and a vast festival in this city organized by the veterans of the wars, of whom 7,000 marched in procession. The jubilee was kept generally in Bavaria, especially at Munich, Nuremberg and Augsberg. Twenty thousand school children paraded at M :nich and were reviewed by Prince Regent Luitpold. It was remarked, however, that the fetes in Bayaria were strictly of a Bayarian character; that only Bavarian flags were displayed; that neither the Emperor nor orations, and that no reference to Germany or the German army was permitted, the official censorship eliminating everything from the submitted speeches referring to the Several of the persons arrested at Frank-fort on the charge of lese majesty made incriminating remarks in close proximity to and even within hearing of the Emperor during the unveiling there on Sunday last

An interesting and sensational debate will be the conseas the Centrists mainly side with

the Radicals in this matter. The agitation for a larger navy has been renewed. Lectures are being delivered in different parts of the country, under the au-spices of the Alledetche Verband, to pro-

mote the movement. The trial of the band of fifteen fraudulent railroad employes and ticket swindlers of Frankfort is expected to conclude to-day. The gang, it was shown during the testimony taken, has been operating for several years on a number of Prussian, Alsatian and Hessian roads. The frauds are estimat-ed to amount to 1,500,000 marks and it is said that the prisoners deadheaded thousands of passengers, for a consideration given them, with tickets which had previously been used. The chief police spy in the case is understood to be a habitual criminal who has

spent years in prison. The rejection by the Diet of the assessor paragraph, by which the Prussian government sought to exclude all Liberal elements from the judgeships, will induce the govern-ment to withdraw the whole of the court reform law, they declining to accept the bill in its present liberal shape.

But Was Beaten a Length and a Half in the Run-Off-Rich Withers Stakes Won by Handspring.

HOUISVILLE, May 16.-Rain this afternoon kept the attendance down to 3,000 at the tenth day's racing at the new Louisville Jockey Club and made the track a couple of seconds slow. In the Schulte stakes there were four starters; but the event proved the best of the meeting, save the Derby. Ben Brush and Lady Inez ran a dead heat, and although Dwyer offered to divide the stake, McGuigan, owner of Lady Inez, refused to compromise, and the tie was run off, with the result that Brush won by a length and a half. When they first went to the post Semper Ego and Penury were included. When starter Chinn sent them away Brush had a lead of possibly three lengths, which he maintained to the head of the stretch; when Lady Inez went after him. It proved a fighting finish, with Thorpe, who had the mount on Brush, using whip and spur, while Perkins was driving the steel into Lady Inez's side, but not using the rawhide. Brush was a big odds-on favorite, while Inez sold at 21/2, and she carried most of the "pikers'" money. When the result was announced some of the latter hissed the decision, but the hisses were soon drowned by the cheers that folte run over, and when the flag again fell day for the talent, for, in addition to Brush's victory, but one favorite was

There were three other horses in the race, but it was really a duel between the giants of the turf, and while those of the trainers who were astute favored the Blemton candidate the great public, by weight of its money, made Handspring the favorite. When the horses were called to the post nearand the lawn was black with spectators. One false break, and then they were sent away to an even start. In the first furlong Abuse went out to make the pace, with Hastings a couple of lengths behind and daylight between him and Handspring. The pace was only moderately fast, but it was too much for Isemir, who dropped completely out of it at the half. They quickened their speed as they turned into the new track, and now only a narrow streak of daylight separated Abuse and the two champions, who were lapped on each other, with the boys urging them along a bit. Inch by inch Abuse fell back, while Handspring and Hastings were keeping together, necks apart. As they swung into the stretch for the last quarter Abuse was through and Griffin made a fatal mistake by giving Hast-ings his head and allowing him to sweep a tritle towards the rall. Simms, quick as a cat, saw this and in an instant was in the lead by half a length, and both boys were driving. They jumped away from the other three and then came a wonderful race. Inch by inch Hastings gained on Handspring until he was only a short head behind and there he stood. Not another hair's breadth could Griffin gain and with everybody shouting for the gallant son of Hanover the big

It was his first race of the year. Muddy Track at St. Louis.

ST. LOUIS, May 16 .- The going at the fair grounds to-day was slow, last night's heavy rain leaving the track in a very muddy condition. Five thousand people saw the six events run off, and the betting was active. Only seven books drew in. Three favorites and an equal number of second choices divided the races. In the fourth race most of the fastest entries for the Laurel stakes, a handicap sweepstakes for three-year-olds and upwards, at six furlongs, were scratched and only a small field contested for the winner, C. Result of the First Annual Yale-Princeton Track and Field Contest-Hickok's Record Broken.

NEW HAVEN, Conn., May 16 .- The first annual Yale-Princeton track and field contest was held at the Yale field to-day. Yale won handily by the score of 87 to 25, making the most crushing defeat administered by any team since the first Yale-Harvard meet. It was not record-breaking day, and the only record to go down was that held by Hickok, Yale's great weight-thrower. Harry Cross, Yale's present champion, threw the sixteenpound hammer 130 feet 5 inches, thus breaking the record. The biggest surprise of the day was the showing made by R. Garrett, captain of the Princeton team. This conqueror at the Olympian games was shut out in putting the sixteen-pound shot and only

won third place in the broad jump. The feature of the day was the running of Hinckley, of Yale, in the half mile, who won in 2:01 from Bryant, of Princeton, Contrary to the expectation of the sons of old Nassau, her athletes made a poor showing in the running, only meeting with success in the 440-yard run and the 220-yard dash. Burnet, of Yale, surprised the supporters of the blue by winning from Derr, of Princeton, doing 100 yards in 10 1-5 seconds. The most interesting race of the day was the bicycle

The English innovation, abolishing the preliminary events and taking the three best men in the list of entries, worked to a charm and the events were run off in quick succession, with none of the delays so common to such contests. Summaries: One hundred yards dash-Winner, W. B.

In the latter race Wells and Foster, old and bitter rivals, were on the scratch. Wells used his terrific sprint and won third money by half a wheel from McCrea, who heat Foster a few inches. A Dog. a Flea and a Bloomer Girl.

It was all caused by a dog and a flea. A Brooklyn bloomer girl started out for a spin on her bicycle. She was accompanied by one of the dearest little dogs that ever lived, and as the pretty bloomerite sped along the dog kept just in front of her wheel, turning around every once in a while to bark joy-ously. Presently the dog began to have troubles of his own. A pesky little flea was having fun with him. Then he stopped and used his teeth to dislodge the tiny tormentor This was done so unexpectedly that his mi tress's wheel struck him and she came down in a heap. Willing hands picked up the maiden, and a sympathizing woman threw a wrap around her ripped bloomers, the fair girl cast a reproachful glance at the dog and murmured, "Toots, how could you?"
